Werribee Horse Trials

The Werribee 2010 Horse Trials planning is already well under way! This year, we are looking at opening the entries to riders in the week after the July rally. It would be appreciated if all Werribee riders interested in competing at this year's event could please complete details on the entry form below, and hand in at the **JULY 4TH rally**. This is so we can secure you a place before entries open. Payment is due no later than the **AUGUST 1ST rally**. Lots of help is needed leading up to the event, at the event, and after the event. As this is the Club's main fundraiser for the year, all families are expected to help. A list of pre-event jobs & at the event jobs is available on the website. Even if you cannot be at the event, have a look to see what the pre-event jobs are, and see if there are any you think you can do.

DC REPORT

Thanks to all those members that advised in advance that they were unable to make it last rally. The last rally was still on the old system of pay on the day, and we lost nearly \$300 again, making it nearly \$900 lost over the last 3 rallies. This is why we are going back to payment of an upfront fee. Our yearly fee may be higher than other clubs, but we only run 1 event during the year to help cover the payment of our instructors at rallies, where as other clubs are running up to 4 events, where all parents are required to help. The weather was a little chilly in the morning, but the sun was well out for the 10 am start, and the rain stayed away so we were able to finish in blue skies at 3.30.

The club spent some money at the head office of the Riding for Disabled garage sale, as they are in the process of moving the head office interstate. Carey and Cheri were able to grab some office furniture and accessories at some great prices!!! We will soon hold working bee to clean out the container and club rooms to re-decorate with what was brought.

Interzone Grade 3 & 4 State horse trials are coming up shortly, so don't forget to jump check out the entry form located on our website to get in for this great event. Melbourne 3 Day event is on soon also, with a link for all the information about the event located on the home page of the website!

Most of the Werribee riders headed out to Ballan Horse Trials, and after a minus 3 degree wake up call, and ice on the water jump, our only boy rider Chris, put in a massive effort bringing home **FIRST PLACE** in grade 5!! But what goes up, must come down! Shannon H took a nasty tumble in the show jumping, but is already back up and recovering well!

Thats all for this month, hope to see you all out at Melbourne 3 Day event!!

President Report

Planning is well under way for our 2 day event held in September. As you all would know it's the largest pony club event held in the southern hemisphere, attracting almost 500 competitors! But we can't do it efficiently unless we have every rider and at least one parent of each rider helping us.

We require parents to come to the planning meetings and also volunteer for a couple of hours over the competition weekend. A schedule/roster for parents and/or riders will be created so that you all know where you should be and for how long.

Please note: Parents and riders are still expected to help even if the rider isn't competing at the two day. I can't stress enough that we need all hands on board because this is a really big event and there are lots of things to do, so please check our website and see when the next planning meeting is on.

Ugly Behavior of Parent's Code of Conduct

In line with the Victorian Code of Conduct for Community Sport, we have adopted the code for our club. As president of the WPC I would like to remind all parents and riders of their responsibilities when it comes to behavior on our club grounds.

The club has no jurisdiction when it comes to personal grievances, therefore antisocial behavior will not be tolerated. Those who breach our personal code of conduct on our grounds will receive a warning letter or a letter kept on file. If the behavior continues then the perpetrator/s will be asked to leave our club and will not be permitted to return, plus a formal report will be sent to the PCAV.

Follow the link below for details of the code.

PCAV AND CENTRAL ZONE CORNER

Hi All,

Just a couple of things to point out as a result of the Central Zone Meeting held last Tuesday.

Interzone Team Challenge (H.T. G3&4) WERRIBEE

As you are aware, this year we requested riders to qualify for this event by having competed in two H.T. (one this year).

After discussion, it has been decided that if you have not qualified, you can still forward your expression of interest to the coordinator, Nick Ednie at nednie@ford.com or mobile 0437005442.

First priority will be given to those who have qualified, next will be those who have qualified at one HT and then remaining places will be at the discretion of Nick Ednie in conjunction with central zone executive committee. Please use the entry form on the CZ website rather than the one on the PCAV website.
